- Diamond pattern that reflects light in an exciting way • Perfect for the entrance hall

Orbiform oozes of exclusivity and glamor. The beautiful glass gives associations to the period with crystal interior, which now again has become a popular decor element.

Orbiform ceiling lamp contribute to a stylish and glamorous atmosphere, where the light pattern spreads into the room in the finest way. Use the lamp in the entrance, hallway, bathroom or other places in the home where you don't have the space to mount a pendant in the ceiling.

The glass in this lamp is mouth-blown and has been individually hand crafted. Due to this unique process, air bubbles may appear in the glass and the thickness of the glass can also vary. This gives the glass its character and vivid appearance.
