- Contemporary classic style
- Mouth blown opal glass that emits a soft light
- Elegant on/off string on the socket

Verona is a traditional series in a classic Scandinavian design. Verona is constructed of two beautiful opal white glass shades that ensure a nice even distribution of light into the room. Simultaneously, the contrast between the white opal glass and the matte black metal contributes to a modern look.

Verona table lamp emits a soft glare free light without compromising on the light output. Therefore, the timeless table lamp can be used anywhere in the home that needs a little extra light, for example next to the couch or your favourite chair. The floor lamp is turned on and off with an elegant textile cord on the socket.
