- Scandinavian contemporary style
- Upward and downward light
- Mix of matte metal and opal glass
- On/off touch function on the base

Time is inspired by sponges in the forest, and together with the combination of matte metal and glass a simple and elegant expression is obtained. An upward and downward light is created with the small glass element on the top of the shade, which contributes to a cosy atmosphere. Time has a built-in on/off function

The matte black metal highlights the minimalistic and modern look of the table lamp
