The possibilities are endless with the Kettle series, as you can determine the type of lamp you want with the replaceable accessories. Design and functionality are carefully thought through, so the series beautifully illuminates your everyday life - both inside and outside. Kettle is not only decorative, it also provides a good light, and simultaneously the brightness of the light can be adjusted in three levels. The built-in battery has a durability up to five hours at full power and even longer if the light is turned down to a cosy lighting. The lamp is easily charged with the included USB cable.

Kettle 22 is a beautiful lamp which can be placed exactly where you want. Hang it in the tree in the garden with the included cord or place it directly on the terrace or floor in the living room. You can add a spike or tripod to the lamp shade, which transforms it into a spike, table or floor lamp. Kettle is produced in hard plastic and is durable against wind and water.
