- Modern, yet timeless design
- Adjustable lamp head and top arm
- Lights both up and down
- On/off button behind lamp head
- Perfect as reading light

Stay is designed by Maria Berntsen and is a functional, yet timeless lighting design. The shade's angled cut makes for an open and pointed shape that allows plenty of light to shine through.

The flexible head and the arm's swivel mechanism allows you to direct the light and create optimal lighting conditions – simply loosen the screw and adjust the arm to get the light you need. The switch is discreetly placed behind the lamp head, making it easy and convenient to turn the light on and off. The Stay lamp thus manages to combine exceptional flexibility with an elegant appearance in a way that is both appealing and utterly convincing.
