• Soft natural design • Elegant mix of wood and metal

Invite nature into your home with a trendy combination of wood and metal. The Theo series radiates a very modern and unique design expression that is softened by the use of light ash wood. Perfect above the dining table for a pleasant ambience.

The height of the lamp can be adjusted by concealing part of the cable inside the canopy. This way, you avoid cutting the cable. When part of the cable is hidden inside the canopy, the lamp can hang with a minimum cable length of 60 cm.
