- 15-year guarantee on surface deterioration

Simple, stylish and inviting wall light in galvanised steel from Nordlux, which can withstand most outdoor environments. The light is suitable for the front door, the fence or in the stairwell, where good light is required.

This product is part of our "Designed For Seaside" range, crafted from extra durable materials to withstand even the harshest coastal weather conditions.

Over time, exposure to the elements causes the galvanised steel to develop a beautiful, darker patina.
