- **Universal base for Nordlux garden poles**
- **Extra durable material suitable for coastal areas (Designed For Seaside)**
- **15-year guarantee on surface deterioration**

Base for garden lights made of galvanized steel that can withstand wind and weather.

This product is part of our "Designed For Seaside" range, crafted from extra durable materials to withstand even the harshest coastal weather conditions.

Over time, exposure to the elements causes the galvanized steel to develop a beautiful, darker patina.
