- Contemporary style with a touch of industrial detail • Elegant mix of glass, brownish brass and matte black
- Adjustable lamp heads for a directional light

Arild is a series of lights in a modern design with an industrial touch. The white, round, matte opal glass shade is elegantly complimented by brownish brass details. You can easily adjust the lamp heads for a directional light.

The glass in this lamp is mouth-blown and has been individually hand crafted. Due to this unique process, air bubbles may appear in the glass and the thickness of the glass can also vary. This gives the glass its character and vivid appearance.
