The Alton series offers beautiful cohesion between the simple, opal white glass and the lovely, rounded shape that creates an elegant and classic expression. Comes with two tops - one in matt, black metal and one in brushed brass, so that you can choose just the look you want. The combination of opal white glass and brushed brass creates a warm, modern design expression, while the matt, black metal adds to a classic and minimalistic look.

The glass in this lamp is mouth-blown and has been individually hand crafted. Due to this unique process, air bubbles may appear in the glass and the thickness of the glass can also vary. This gives the glass its character and vivid appearance.
