INSTALLATION INSTRUCTIONS

- ⚠** Electrical products can cause death, injury, or property damage. Maintenance and installation should only be carried out by a professional electrician.

- Ensure the main supply is switched off.
- Insert main masonry plugs into mounting surface (1).
- Fit the mounting bracket onto the mounting surface with the screws (2).
- Connect main supply wires to terminal block (3) making sure all connections are tight.
- Fit ceiling plate onto the mounting bracket with screws (4).
- Insert the secondary mounting anchors on the mounting surface (5).
- Fit the smallest mounting base with the screws (6).
- Adjust the height of the wires and screw them with the metal caps (7).
- Reconnect power.

WARNING

- ⚠** Make sure that the products are installed properly before connecting to electricity. Do not cover the luminaire. Do not exceed the maximum wattage rating of the lamp. If the light source is contained in this luminaire (integrated LED), it shall only be replaced by the manufacturer, his service agent, or a similarly qualified person.
