INSTALLATION INSTRUCTIONS

 Electrical products can cause death, injury, or property damage. Maintenance and installation should only be carried out by a professional electrician.

- Ensure the main supply is switched off before connecting to electricity.

Connecting the Terminal Block

Connect main supply (**brown** - Live, **blue** - Neutral) into terminal block making sure all connections are tight.

WARNING

 Make sure that the products are installed properly before connecting to electricity.
Do not cover the luminaire.
Do not exceed the maximum wattage rating of the lamp.
If the light source is contained in this luminaire (integrated LED), it shall only be replaced by the manufacturer, his service agent, or a similarly qualified person.

Please read instructions before commencing installation and retain for future reference.
